THIS DOCUMENT CONTAINS INFORMATION AFFECTING THE NATIONAL DEFENSE OF THE UNITED STATES WITHIN THE MEANING OF THE ESPIONAGE ACT, U. S. C., 51 AND 52, AS AMENDED. ITS TRANSMISSION OR THE REVELATION OF ITS CONTENTS IN ANY MANNER TO AN UNAUTHORIZED PERSON IS PROHIBITED BY LAW. REPRODUCTION OF THIS FORM IS PROHIBITED.

THIS IS UNEVALUATED INFORMATION

1. The Pilot school in Kiev (30°30'N/50°25'N), Ukrainian SSR, was on the left side of Kasernina Street, a 600-meter dead end street and a left side street of the first communication road between Khitomir main road and Adyamer road. A music school and many officers' houses were also located there. The pilot school was an old installation which had been enlarged and modernized by the construction of some new buildings. The school area was about 250 x 400 meters.
2. The school consisted of the following buildings:
 - a. The three-story main building, about 30 x 120 meters, with a flat roof on which five searchlights were mounted. The administration, lecture-rooms and club rooms were housed there.
 - b. A three-story cantonment building, about 15 x 60 meters, serving as quarters for EM. It was in the eastern section of the area. The pilot students were quartered on the first and second floors, the officer instructors on the third floor.
 - c. The following installations were between the main building and the quarters:
 - (1) A filling station for the school and a small ammunition bunker which was constantly guarded.
 - (2) A garage installation, about 16 x 260 meters, divided into small bays. It extended behind the filling station in an E-W direction. Eight buses with trailers, 20 LHS trucks and about 30 large and small jeeps were parked in the garages.
 - (3) An administration building, about 20 x 80 meters, west of the garages.

d. The open area between the administration building and the garages and the dead end road was a drill ground; its western section was a parking site. AAA guns were occasionally emplaced in the latter section. The quarters were fitted simply but in an up-to-date way.

3. An air force general was in charge of the school. The occupation was comprised of not more than 200 men. Practical flight training was done at the Kiev military airfield.
